

Enjoy an Incredible Career at Centura Health!

Who is Centura Health?

Centura Health is the region's largest health care system. We connect individuals, families and neighborhoods across Colorado and western Kansas with more than 6,000 physicians and 21,000 of the best hearts and minds in health care. Through our 17 hospitals, two senior living communities, neighborhood health centers, physician practices and clinics, home care and hospice services, and Flight For Life® Colorado, our caregivers make the region's best health care accessible. We're on a mission to build flourishing communities and whole person care.

Primary Care Clinic in Westminster:

When your family is in need of primary care in Westminster, there is no better place to turn than St. Anthony North Family Medicine in 84th Avenue Neighborhood Health Center. Our primary care physicians are committed to treating illnesses and helping you and your family take an active role in your own health. We can help your family maintain optimal wellness through preventive care and encouraging healthy lifestyle choices.

Whether your baby is sick with an upset stomach, your teenager is experiencing irritating allergies, or you need to get a flu shot, you can trust that your family is in good hands with our Westminster primary care physicians. We know that every individual is different when it comes to medical care, which is why we specialize in providing care for adults, pediatrics, seniors, integrative medicine and maternity care. Our primary care physicians make it their goal to help individuals of all ages stay on top of their health.

84th NHC Emergency Department:

The Emergency Department at our 84th Avenue Neighborhood Health Center is a freestanding, Level IV trauma ED, with 16 Beds and approximately 48 patients per day. Here, nurses can broaden their skills. A fair portion of the patient population does not have a Primary Care Provider and can come to the ED for non-emergent issues, as they do not have easy access to a doctor. The department also receives many patients who haven't seen a doctor in quite some time and are extremely sick. Shared Governance is active in the ED, and the team works together on processes and initiatives that increase associate satisfaction. We seek candidates who love working as part of a team. We value open communicate amongst one another and need someone who understands that our department is a revolving door of patients with a variety of health circumstances. We strive for a 4:1 ratio. Our mission is to provide excellent care to our community and treat those who enter our ED with respect and dignity.
