By providing preventive health services and programs, Centura Health is helping to improve health and reduce the need for costly emergency treatment and acute care. Community benefits improve access, enhance health, advance medical or health knowledge, and relieve or reduce the burden of government.

Total Community Benefit: $18,006,438
Patient encounters supported with Medical Financial Assistance: 5,362
Total Community Impact: $68,920,173

Healthy Eating and Active Living: Screened 2,730 community members to assess their Social Determinants of Health and connect them to available resources.

Behavioral Health: Provided Behavioral Health First Aid classes to 134 community members. Worked with Littleton Public Schools to implement Sources of Support resiliency program in all three high schools and three middle schools.

Access to Care: Enrolled 541 people into available coverage.

Collaboration: Provided 2,456 staff hours to address community health needs through direct support and partnerships with community organizations and coalitions. It is through partnerships that we can ensure we are doing meaningful work.

Community Health Needs Selected With Our Community:

Healthy Eating and Active Living/Obesity
Behavioral Health/Suicide Prevention
Access to Care
