Total Community Benefit: $16,280,025
Patient encounters supported with Medical Financial Assistance: 7,769
Total Community Impact: $45,878,190

**Adult & Childhood Obesity**: Increased access to opportunities to eat healthy through support of the Longmont Farmers’ Market, which accepts SNAP to purchase produce for lower income families. Sponsored the registration of 180 children in St. Vrain Valley School District to participate in the Longmont Stampede.

**Behavioral Health**: Active participant in the City of Longmont’s Supporting Action for Mental Health, which sponsors Mental Health First Aid trainings which reached 84 people. Invest in the behavioral wellness of our first responders by providing Critical Incident Stress Debriefing following a tough community medical incident.

**Access to Care**: Enrolled 673 people into available coverage.

**Collaboration**: Provided 680 staff hours to address community health needs through direct support and partnerships with community organizations and coalitions. It is through partnerships that we can ensure we are doing meaningful work.
