#### Community Health Needs Selected With Our Community:

- **Healthy Eating / Active Living**
- **Oral Health**
- **Access to Care**
- **Suicide Prevention/Behavioral Health**
- **Heart Disease**

---

**Healthy Eating/Active Living:** Joined the community garden to provide over 500 pounds of food to the community.

**Oral Health:** In partnership with Kids In Need of Dentistry, **14,000** lower income children received oral health services.

**Access to Care:** Enrolled **553** people into available coverage.

**Behavioral Health:** Implemented behavioral health services into CHPG clinics to expand care to reach **486** unique community members. Additionally, implemented Screening Brief Intervention and Referral to Treatment into the hospital Emergency Department to expand access to substance abuse treatment services.

**Collaboration:** Provided **2,276** staff hours to address community health needs through direct support and partnerships with community organizations and coalitions. It is through partnerships that we can ensure we are doing meaningful work.

---

By providing preventive health services and programs, Centura Health is helping to improve health and reduce the need for costly emergency treatment and acute care. Community benefits improve access, enhance health, advance medical or health knowledge, and relieve or reduce the burden of government.
