By providing preventive health services and programs, Centura Health is helping to improve health and reduce the need for costly emergency treatment and acute care. Community benefits improve access, enhance health, advance medical or health knowledge, and relieve or reduce the burden of government.

Total Community Benefit: $29,744,599
Patient encounters supported with Medical Financial Assistance: 13,794
Total Community Impact: $51,265,236

Behavioral Health:
Partnered with Let’s Talk Colorado to reduce stigma associated with behavioral health. This campaign achieved 45,744,882 impressions throughout the Region.

Access to Care:
Enrolled 2,213 people into available coverage.

Healthy Eating Active Living:
Reached 225 unique people in the community to support behavior change related to healthy eating and active living.

Collaboration:
Provided 1,263 staff hours to address community health needs through direct support and partnerships with community organizations and coalitions. It is through partnerships that we can ensure we are doing meaningful work.
