Refer an ICU RN and earn up to $3,000!

Great friends are meant to be treasured. And with Penrose-St. Francis Health Services ICU Referral Program, you’ll surround yourself with more terrific associates and enjoy a nice boost to your bottom line.

Between now and March 31, 2013, refer a qualified ICU RN for any full or part-time position at Penrose-St. Francis Health Services. If they are hired, you will earn a referral bonus that pays you $3000 for full-time and $1500 for part-time. The more you refer the more you can earn!

Here’s how it works:

- Have your qualified friend(s) submit an application online at careers.centura.org (keyword search: ICU/location: Colorado Springs).
- While completing the application online, it will ask the question “how did you hear about us?”
- The applicant must then select “referred by current employee” in the drop-down menu.
- Applicant must then enter your first and last name in the appropriate field so you can receive payment once they are hired (and have successfully completed their first 60 days).
- Next, email our nurse recruiter, BrennonWatts@centura.org with the name of the person you referred.
- PSF associates who refer will get a $10 coffee bar coupon as a thanks for bringing new talent to our organization.
- If your referrals are hired, you’ll receive a bonus payout after they complete their first 60 days of successful employment.

For questions and to refer, contact:
Suzanne Kowalchuk at 719-776-5630 or Brennon Watts at 719-776-5922.
