

# Specialty Care and Infusion Center

SAVING LIVES WITHOUT RISKING LIVES

Have you ever considered the ways in which healthcare differs for those living in mountain communities? The strains incurred to obtain essential services are not only inconvenient, but also risky. Lack of care options and nearby facilities often results in patients sacrificing their time, comfort, and safety to acquire necessary services in larger population centers, regardless of the distance.

## CHALLENGES

**DISTANCE**

**COST**

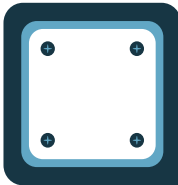

**RISK**

**QUALITY TIME LOSS**

## SOLUTION

**5,200**  
SQUARE FOOT FACILITY

1. PARK
  2. LAKE
  3. SUMMIT
  4. GRAND
  5. CLEAR CREEK
  6. EAGLE
- SERVING**

**10 PATIENT BEDS**

**TREATMENTS:** Chemotherapy + Intravenous Hydration + Antibiotic Treatment Infusions + Blood Transfusions + Pain Management + Gastrointestinal Disease Management + Various Infusions

## RESULTS

LIVES SAVED

**1,000**

PEOPLE TOUCHED

**1,000**

## WHY NOW?
