

# Penrose-St. Francis Health Services

## Welcome to Penrose-St. Francis Health Services

After 60 railroad workers were injured in a train derailment near Leadville in the late 1880s, B.P. Anderson, MD, and four sisters of St. Francis of Perpetual Adoration began a door-to-door fundraising campaign to build a hospital in Colorado Springs. Since its inception, Penrose-St. Francis Health Services has been infused with vision and dedicated to clinical excellence, whole-person care and serving the unique needs of its communities.

Penrose-St. Francis Health Services is a full-service, 522-bed acute care facility in Colorado Springs which includes Penrose Hospital and St. Francis Medical Center. Penrose-St. Francis has been named one of “America’s 50 Best Hospitals” for 10 years in a row (2008 - 2017) by Healthgrades, plus we are southern Colorado’s only Magnet Recognized hospital. We are part of Centura Health, Colorado and western Kansas’ largest hospital and health care network delivering advanced care to more than half a million people each year, across 17 hospitals, senior living communities, medical clinics, Flight For Life® and home care and hospice services.

Penrose Hospital, 2222 N. Nevada Ave., Colorado Springs, CO 80907  
(719) 776-5000

St. Francis Medical Center, 6001 E. Woodmen Rd., Colorado Springs, CO 80923  
(719) 571-1000

## Distinctive services

**While Penrose-St. Francis Health Services (PSF) offers a full complement of emergency, medical and surgical services, several programs and clinical specialties truly distinguish the system:**

- The Penrose Cancer Center brings leading-edge, compassionate cancer care to the people of southern Colorado.
- Penrose-St. Francis’ acclaimed heart program consistently achieves outcomes that exceed national benchmarks.
- St. Francis Medical Center specializes in maternal-child health with a state-of-the-art birthing center, a Level IIIA neonatal intensive care unit and northern Colorado Springs’ only dedicated pediatric unit and pediatric ER.
- The PSF Laboratories provide a comprehensive range of tertiary care anatomic and clinical diagnostic services ranging from bedside point of care chemistries to electron microscopy and molecular testing.
- St. Francis Medical Center is the home to the Total Joint and Spine Center, a 33-bed state-of-the-art unit that caters to patients who have undergone joint or spine surgery. Our expert surgeons, fully coordinated team of clinical staff, physical therapists and nurse navigators provide a full continuum of care from diagnosis to rehabilitation.

## Awards & honors

- Penrose-St. Francis Health Services is proud to be named one of “America’s 50 Best Hospital’s” for 10 years in a row (2008 - 2017) by Healthgrades, one of only 6 hospitals in the country to receive this award in past 10 consecutive years.
- Penrose-St. Francis Health Services is proud to be a Magnet-recognized organization, as the credential reinforces our dedication to quality patient care. Magnet-recognized organizations consistently demonstrate:
  - o Higher patient satisfaction with nurse communication, availability of help, and receipt of discharge information;
  - o Lower risk of 30-day mortality and lower failure to rescue; and
  - o Lower rates of falls.

We are dedicated to providing our patients with the highest-quality care, and this credential is confirmation of our success in this endeavor.

### By the numbers

- **975 affiliated physicians**
- **3,172 associates**
- **522 licensed beds**
- **Approximately 104,012 annual emergency visits**
- **Approximately 24,343 annual admissions**
